The Special Educational Needs and Disability Act 2001 (c. 10), also known as SENDA, is an Act of the Parliament of the United Kingdom. It is intended as an adjunct to the Disability Discrimination Act 1995, which legislated to prevent the unfair treatment of individuals, in the provision of goods and services, unless justification could be proved. This legislation was deemed necessary as the ...

In the United States, special needs is a term used in clinical diagnostic and functional development to describe individuals who require assistance for disabilities that may be medical, mental, or psychological. For instance, the Diagnostic and Statistical Manual of Mental Disorders and the International Classification of Diseases 9th edition both give guidelines for clinical diagnosis.
