Teaching adjectives is usually quite enjoyable. The grammar rules are fairly straightforward and students are able to expand their vocabulary and express themselves. However, there are several different types of adjectives. Fortunately, there are lots of interesting teaching materials to aid a teacher.

Homework Guidelines: English teachers tell their students explicitly how to format their papers: what fonts, what page margins, what style guides, etc. Math teachers, on the other hand, frequently just complain amongst themselves in the faculty lounge about how messy their students' work is. Meanwhile, their students wonder why they've lost points on homework and tests.

1. Adversity. In 2013, the United States reached an educational milestone. For the first time, a majority of the country's public school students — 51 percent of them, to be precise — fell below the federal government's threshold for being low income, meaning they were eligible for a free or subsidized school lunch.

Sexual intercourse is perhaps 385 million years old, and it is likely that the oldest jawed fish on Earth was the first animal to reproduce by copulation. Reproduction among humans usually occurs with penile-vaginal penetration. Male orgasm usually includes ejaculation, a series of muscular contractions that deliver semen containing male gametes known as sperm cells or spermatozoa from the ...
