The Suzuki method is an internationally known music curriculum and teaching philosophy dating from the mid-20th century, created by Japanese violinist and pedagogue Shinichi Suzuki (1898â€“1998). The method aims to create an environment for learning music which parallels the linguistic environment of acquiring a native language. Suzuki believed that this environment would also help to foster ...

Prosocial behaviour has its roots in infancy and early childhood. To fully capture its importance it is essential to understand how it develops across ages, the factors that contribute to individual differences, its moral and value bases, the clinical aspects of low and excessive prosocial behaviour, and its relevance for schooling.
